

Who is our Dental Provider?

Guardian

What is the Members Services number?

888-600-1600

They are available Monday to Friday 8am - 8:30 pm ET.

What is our group number?

00026645

When will I receive my insurance card?

Go to www.Guardianlife.com to access information about benefits including access to an image of your ID card.

I am a new hire. When will my health insurance start? Will I need to re-enroll for the next year?

As a new hire, you will have 30 days starting on your date of hire to make your benefits elections. Your insurance benefits will be effective on the day of your start date, even if you complete your elections a week later. Once the 30 day enrollment period has ended, your choices will be final until the next enrollment period or until you have a qualifying life event.

How do I find a network provider?

We recommend registering with Guardianlife.com. Once registered with the online portal, the correct provider network will automatically populate.
