FAQs

What is Modern Health?

Modern Health is a mental wellness app that's available to you and your dependents as a free benefit. Modern Health provides access to one-on-one, live and on-demand group sessions, and digital resources for emotional, professional, and financial well-being - all in a single, secure platform.

What age dependents are covered through Modern Health?

For US-based employees, dependents age 0+ are eligible for Modern Health services. For employees outside of the US, dependents age 13+ are eligible for Modern Health services.

How can Modern Health support children & adolescents?

Modern Health's network of therapists include those who specialize in supporting children and adolescents using evidence-based practices to address issues such as anxiety, depression, difficulties at school, and family stressors such as divorce/separation.

Are there limitations?

Beginning January 1, 2024, minor dependents of all ages in the US may get connected to therapy services, but only dependents 18+yo will be granted access to services offered within the Modern Health app like coaching and digital content in accordance with the Children's Online Privacy Protection Rule (COPPA).

How do you request care for your dependents?

Sign up for Modern Health and go through the initial onboarding flow. Go to the Settings tab and choose "Invite Dependent." Enter your family member's information. For adult family members, an invite will be sent to them via email to sign up. For minor family members, Modern Health will contact you in 48 hours.
